was placed today as high as 90,000,000 bush-els. Reports from Tennessee claimed that the largest crop ever produced in the state is now being harvested under ideal conditions. As a result of the bright pros-pects for the new crop, demand for cash wheat here and at other leading grain cen-ters was greatly diminished. The selling pressure, which for the last few days had been confined to the July delivery, spread today to the more distant months, particu-larly Sentember. During the day July larly September.

The leading futures ranged as follows: Articles | Open. |High. | Low. | Close. | Yesy.
